DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 3/24/2005 have been fully considered but they are not persuasive. Applicant has amended the claims by indicating that the O-desmethylvenlafaxine should be in crystalline form. This argument is not convincing because *purified* O-desmethylvenlafaxine will inherently be in crystalline form. The prior art of Husband et al and WO 00/59851 anticipate and/or render obvious pure O-desmethylvenlafaxine. Thus it is reasonable to expect that crystalline O-desmethylvenlafaxine was made by said prior art.

Applicant has failed to clearly demonstrate how the instant claimed O-desmethylvenlafaxine is different from the O-desmethylvenlafaxine made in the prior art. The rejection is being maintained.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-2 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Husband et al (4,535,186) and WO 00/59851.

For reasons see above response to arguments and previous office action.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

Art Unit: 1621

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
